The Director of Central Intelligence
Washington, D.C 20505

Critical Intelligence Problems Committee

9 December 1986

MEMORANDUM FOR: Members, Critical Intelligence Problems Committee

VIA: James C. Pfautz
Acting Chairman

SUBJECT: Status Report on CIPC Projects and Activities--November 1986
[redacted]

25X1

1. CIPC Activity: The Committee did not meet in November. A CIPC meeting is scheduled for 8 December. The CIPC studies on intelligence support to SDI and [redacted] will be presented to the members at that time. (NOTE: At the 8 December meeting the [redacted] study was enthusiastically approved by the Committee, however, the SDI study was remanded to the working group for greater specificity. These studies will be forwarded to the DCI and DDCI within the next week or two for your review and NFIC consideration.

25X1

As you will recall from last month's report, the CIPC staff has been reviewing the FLASHBOARD and DESIST systems in response to a recommendation contained in the CIPC study on terrorism. Progress is being made and the review should be completed in December.

The CIPC staff development of a method to evaluate various collection systems mixes has reached the point where a prototype model was briefed to the Director, Intelligence Community Staff in November. A software programmer has been provided by CIA/OIT to further develop the model. Meanwhile, an implementation plan is being prepared. [redacted]

25X1

2. Intelligence Support to SDI: The working group established to examine intelligence support to the Strategic Defense Initiative (SDI) completed its task in November. The study proposes a number of ways the Community can become more responsive. This study concentrates on improving intelligence support to those who must make decisions concerning the SDI program.
